

30 DAYS' GRACE FOR LIFE INSURANCE POLICY-HOLDERS

To Assist in the Relief of the
Currency Situation This
Has Been Agreed Upon.

To assist in the relief of the currency situation, the leading life-insurance companies decided to-day to grant thirty days extension of time on the payment of premiums due on policies. In a letter to policy-holders President Darwin P. Kingsley, of the New York Life Insurance Company, says:

"The present condition is an extraordinary one, so I am authorized by the company to inform you that if you find yourself to settle the premium within the 30 days of grace provided in the policy, the company will, in this special instance, give you an additional month of grace, so that you may settle the premium, the same to bear interest at 5 per cent. from the due date to the date of settlement."

"If, however, settlement of said premium is not made within the period here stated, the policy will thereupon be terminated without further notice, and no payment of premium will be so marked on the company's records."

FIND THEIR MURDER SUSPECT IN TOMBS

Man for Whom Detectives
Searched Has Been Locked
Up for Weeks.

William Burden, for whom the police and county detectives have been looking since June last to appear before Coroner Harbinger on a charge of homicide, has been found in the Tombs under a change of name. He has been there for many weeks.

On June 3 last Jacob Rayden, driver of a motor car, was pulled out of his wagon and assaulted by several men. He died later in the same day at St. Vincent's Hospital. Burden was charged with the crime, but the detectives were unable to locate him. Two witnesses were arrested at the time and sent to the House of Detention, being Harbinger and Miller, who started the officials by coming from the place. Harbinger being released, and returned to the House of Detention.

Coroner Harbinger has issued a warrant for Burden, since he has been advised that he is in the Tombs under an alias and will arrange the man to-morrow.

STEEL SHIELD SAVED LIFE OF RUSSIAN OFFICIAL

ST. PETERSBURG, Oct. 24.—An attempt was made yesterday to assassinate Maximilian Belsky, Vice-Governor of the political prison of Viborg, whose name, Col. Belsky, was killed in September. A bullet was fired at Belsky, but a steel shield containing a bullet-proof plate was used as a shield.

BIG LINER STEERS WITHOUT RUDDER

Kaiser Wilhelm der Grosse
Nears Europe Only Few
Hours Late.

Officials of the North German Lloyd line to-day got definite word from the steamer Kaiser Wilhelm der Grosse, which reported by wireless having broken her rudder last Friday morning early, while in latitude 41, longitude 46, on her eastward run.

The wireless message, which came from Cape Race Friday afternoon, said she was steering with her engines.

To-day's message came by cable, having been received at the wireless station at Malmö, Cookhaven, from the liner's master, Capt. Polack, and forwarded to New York.

The captain's message said that the Kaiser Wilhelm der Grosse was steering by her propellers and that she expected to reach Plymouth to-morrow night, only a few hours behind her regular time. The last words of the message were: "All on board contented, well and happy."
